LAUREN

Weatherproofing products

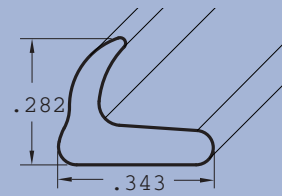

K,V,P and D Designs are 2-Cavity Webbed • 1000' Per Reel • 2 Reels Per Box (2000' total)

Door & Window Premium K Weatherseal

This seal is ideal for minor gaps. A closed cell medium density EPDM sponge design, the K weatherseal seals out dust & drafts from around doors and windows. It is more durable than typical foam tapes. The product contains a self-adhesive application system and remains flexible from -40°F to 140°F.

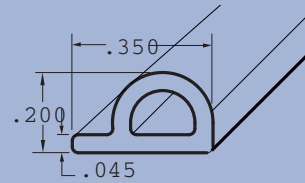

Item No.	Width	Height
52040	.354	.157

Door & Window Premium V Weatherseal

This seal is ideal for irregular gaps. A closed cell medium density EPDM sponge design, the V weatherseal seals out dust & drafts from around doors and windows. The product contains a self-adhesive application system and remains flexible from -40°F to 140°F. It is more durable than typical foam tapes.

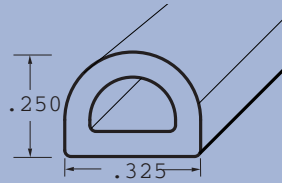

Item No.	Width	Height
5110	.354	.157

Door & Window Premium P Weatherseal

This seal is ideal for average gaps. A closed cell medium density EPDM sponge design, the P weatherseal seals out dust & drafts from around doors and windows. The product contains a self-adhesive application system and remains flexible from -40°F to 140°F. It is more durable than typical foam tapes.

Item No.	Width	Height
52135	.354	.157

Door & Window Premium D Weatherseal

This seal is ideal for major gaps. A closed cell medium density EPDM sponge design, the D weatherseal seals out dust & drafts from around doors and windows. The product contains a self-adhesive application system and remains flexible from -40°F to 140°F. It is more durable than typical foam tapes.

Item No.	Width	Height
52136	.354	.157

LAUREN
MANUFACTURING

Lauren Manufacturing
2228 Reiser Ave. SE • New Philadelphia, Ohio 44663
800.683.0676 • 330.339.3373 • www.lauren.com

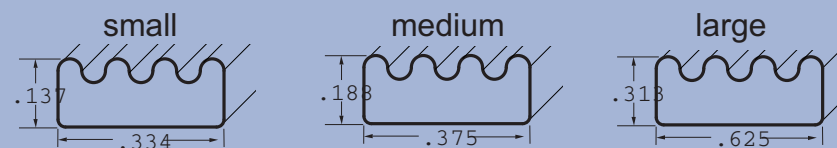

Lauren products are known for their excellence in the marketplace.

As a leader in the rubber manufacturing industry, weatherproofing technology is a niche that continues in the tradition of innovation that Lauren Manufacturing was built upon. We are continually seeking new and innovative ways of supplying the marketplace with quality products for your customer's major investments: the home, auto, RV, boats and all major appliances. Look to Lauren as your cutting edge rubber supplier.

ENERGY SEALS

Small and Medium Ribbed, D and P Seals are 2-Cavity Webbed
1000' Per Reel • Two Reels Per Box (2000' total)

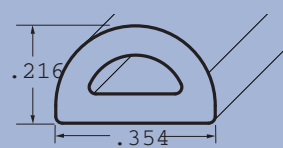

Energy Seals - Ribbed Section in Small, Medium and Large

High quality weatherstripping extruded from EPDM closed-cell sponge rubber having inherent resistance to heat, cold, sunlight, ozone, and many chemicals. Self sticking pressure-sensitive adhesive tape makes installation quick and accurate, and it protects the rubber from being stretched or twisted.

Information for all ribbed profiles

Item No.	Width	Height
